Native Trainer Trainer for GTA V with lots of features Aug 05, 2016 function arcsin in matlab.. When the sine of  $y$  is equal to  $x$ :  $\sin y = x$  Then the arcsine of  $x$  is equal to the inverse sine function of  $x$ , which is equal to  $y$ :  $\text{arcsin } x = \sin^{-1} x = y$ .. Return ValueThis function returns the arc sine of x, in the interval  $[-\pi/2, +\pi/2]$  radians.. Native database (NATIVE DB) Project  
aimed to gather every piece of information about script native functions that we have , think of it as of native wiki where  
anyone who wants to contribute can do so and everyone who needs the latest script documentation or the header with natives for  
ScriptHook can get it right there!Decompiled scripts All decompiled PC scripts in one archive. [Igi 1 Free Download Full
